PORT AUTHORITY OF TRINIDAD AND TOBAGO

VACANCY: CHIEF ENGINEER (CONTRACT)

Job Summary

The Chief Engineer (Contract) is directly responsible to the Master for the function and administration of the engine room department and for the safe, efficient and economical operation and up-keep of all machinery throughout the vessel. The Chief Engineer shall operate the main propulsion machinery as required by the Master, subject to the limitations of its power, speed and fuel consumption.

Requirements

- Ensure all engineers have a thorough knowledge of the propulsion machinery, auxiliary machinery, piping systems with their valves and connections, including the use of fire-fighting appliances.
- Ensure that general maintenance of main engines and auxiliaries is efficiently performed.
- Ensure all water tight doors are properly maintained, tested and kept in good working order, ready for immediate use.
- Ensure that alarms within the Bridge Machinery Monitoring Systems are programmed to identify equipment and technical systems of which the sudden failure may result in a hazardous situation.
- Responsible for fuel management on board.
- Ensure compliance with Oil Pollution Prevention Regulations.
- Implementing and monitoring the vessels' planned and preventive maintenance system
- Keep the Master informed on all matters relative to the operation of the department.
- Allocate duties to and supervise all persons under their authority.
- Inform those under their jurisdiction regarding the instructions contained in the Safety Management System and company policies insofar as they apply to individual ranks. In particular, instruct all ranks, especially new personnel, regarding precautions to be taken against fire and regarding all other safety rules outlined in the Safety Management System.
• Participate in employee evaluations.
• Participate in purchasing activities.

Minimum Requirements

Qualification/ Experience and Training:
• Class 1 Engine - Certificate of Competency as a watch-keeping engineer (STCW 95 Compliant) from an organisation recognized by Flag State.
• Current valid Seafarers Medical Certificate (STCW 95 Compliant), unrestricted
• Simulator Training Certificate
• Type Rating Certificate
• Marine First Aid Certificate
• Basic Safety (STCW 95 Compliant)
• MED Certificate
