## Bulletin 359

June 24 2022

Dear Stakeholders,

### Repairs to Ship to Shore Crane 003

The Port of Port of Spain (PPOS) wishes to advise that our **Liebherr Ship to Shore Crane (STS 003)** will be removed from service on **Sunday 3<sup>rd</sup> July, 2022** and is scheduled to return to service by **Monday 15<sup>th</sup> August, 2022**.

These works are necessary to improve the crane's reliability and performance that will serve to ensure continued efficient service to our stakeholders.

During this downtime, every effort will be made to limit operational disruption and we will continue to work with Shipping Lines and Pilots to ensure minimal vessel berthing interruptions. PPOS regrets any inconvenience that may arise due to these necessary repairs.

Please note that Ship to Shore Cranes 1, 4, and 5 would be available to service vessels. Additionally, the Port's Gottwald Mobile Harbour Crane (MHC002) is also operational and would be deployed if needed.

We appreciate your patience and aim to ensure efficient communication as the project progresses. If further clarifications or information is required, please do not hesitate to contact Patricia Persad E-mail: [patriciap@patnt.com](mailto:patriciap@patnt.com) at 623-2901 ext. 257 or 686-4141 or Robert Ramsubhag E-mail: [robertr@patnt.com](mailto:robertr@patnt.com) 623-2901 ext. 180 or 678-2684.

Respectfully,

CEO PPOS (Ag.)  
Robert Ramsubhag
