PORT AUTHORITY OF TRINIDAD AND TOBAGO

MEMORANDUM

TO: All Hauliers
FROM: Health, Safety & Environment Manager - PPOS
DATE: 7th December, 2015
SUBJECT: Hauliers HSE Training

As a pre entry requirement Hauliers must possess the requisite training and demonstrate an understanding of the Port of Port of Spain/ Port Authority HSE site specific requirements. This is to ensure that hazards and risk inherent in the haulage of containers are mitigated.

In this regard, the Health, Safety and Environment Department conducted a nine day Hauliers Orientation/Training program from Monday 19th October to Wednesday 28th October, 2015. However, the HSE Department is mindful that there would be new Hauliers entering the Port Authority Compound regularly and would need to be cognizant of all HSE site specific requirements upon entry.

Consequently, the HSE Department would like to inform the Hauliers Association and other private companies engaged in haulage that the HSE PPOS Department will be conducting orientation for new Truck drivers every Monday morning between 10:00am-11:30am. New Hauliers will be required to bring the following documents:

- A valid driver’s license
- 2 passport size pictures

The orientation would be conducted by appointments only. Please contact Ms. Audriana Joseph of the HSE Department at 623-2901 ext. 159 or 191 or via email at Audrianj@patnt.com to make appointments.

Neil Bridgelal (Mr.)
Health, Safety & Environment Manager - PPOS
