No. of Appointments	**Avg. Time (Minutes)**
9,257	52

HSE UPDATE

Achieving OSH Compliance *- Message from the HSE Department*

The PPOS HSE Department wishes all members of the Port Family a Happy New Year. As we enter 2018, we ask for your continued support as we strive to make PPOS a safe and healthy work environment for all. We encourage all employees to work with us to help reduce loss time accidents, workplace injuries, hazards and risks.

One of PPOS HSE Department's initiatives in the first quarter of 2018, commencing in February, will be the establishment and manning of an **HSE Hotline**. The aim is for employees to report via email with photos - unsafe and substandard working conditions, potential hazards and risks. Employees can also make such reports via telephone. This information would greatly assist in ensuring a safe and healthy workplace environment. The HSE Hotline is an initiative that welcomes and encourages the participation of all employees.

HSE Hotline Contact Info – Email: infohse@patnt.com **Phone**: 724-4322 or Ext. 191

The PPOS HSE team is committed to providing a response within 24 hours of receiving a report. The Hotline will be manned by the following officers:

February 2018 - Jackie Charles

March 2018 - Carlon Caton

April 2018 - Jamel Lewis

We urge every employee to work with us in achieving OSH compliance for 2018 and beyond.

****
